

CLASSY ARTIST  
BOX

# TOY PAINTING

## PRESCHOOL ARTIST BOX

Set up your paper so the longest side is horizontal in front of your child.

1. Take out paint, one pom pom, paper, cup, and toy car.

2. Roll up your sleeves and put a Wet One nearby. Then, put the big newsprint paper down on the table with the smaller painting paper on top.

3. Shake the bottles of paint, then put 2-3 dots of each color your child desires directly onto the paper that will become the painting.

4. Instead of a typical paintbrush we will explore the use of objects as mark makers. Have your child use a pom pom, car, and/or cup to make marks all over the paper!

## PRESCHOOL ARTIST BOX

5. When finished, have your preschooler wipe off his/her hands with the Wet One. Throw away the pom pom and wipe, Then, wash the car and styrofoam cup to use again next week!

6. Let the painting dry, then save the big newsprint paper for next week's painting.

This month, each Preschool Box includes a magnet frame that is perfect for your preschooler's artwork so it can be displayed on the fridge or other magnetic surface! You could also put the frame in a small easel if your fridge is not magnetic.
