

ACRYLIC ASTRONAUT

ELEMENTARY ARTIST BOX

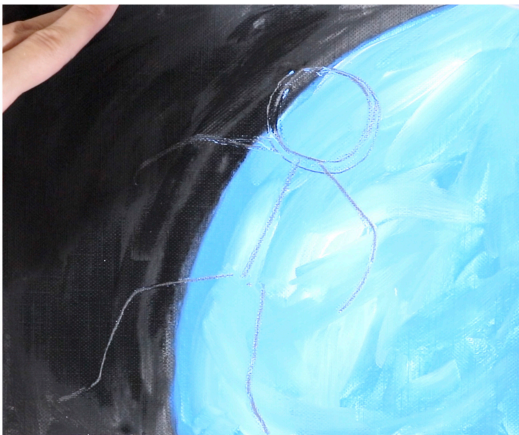

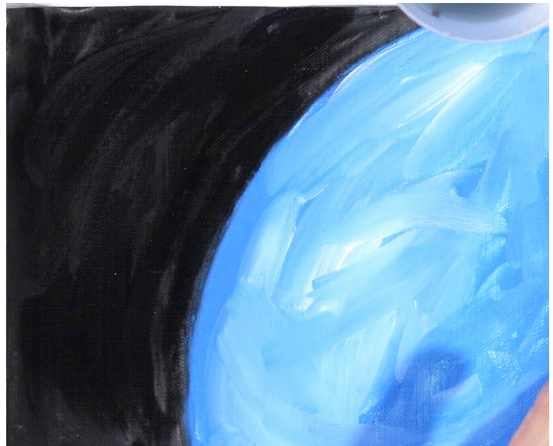

1. Make a curved line like this! You will turn this into a planet and sky!

2. Paint the sky black!

3. Paint the planet blue like Earth or paint it another color if you prefer a different planet!

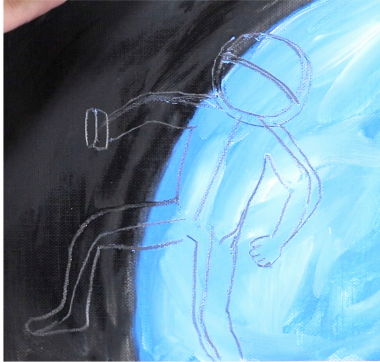

4. Use white to add clouds over the planet!

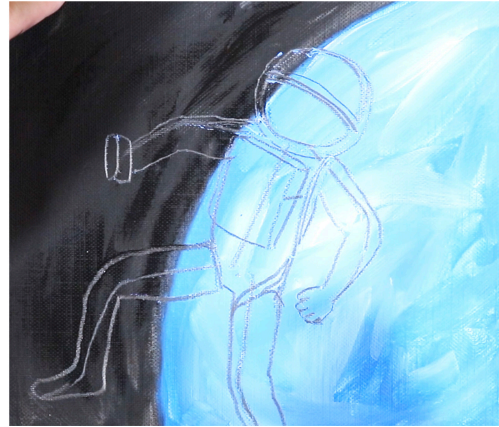

5. Draw the astronaut as a stick figure first as practice.

6. Thicken the astronaut's body and draw more details on it.

7. Draw the pack on the front of the spacesuit and the straps on the legs and shoulders.

8 Now draw the umbilical cable that snakes around in front of the astronaut! Also, draw the flag on the arm!

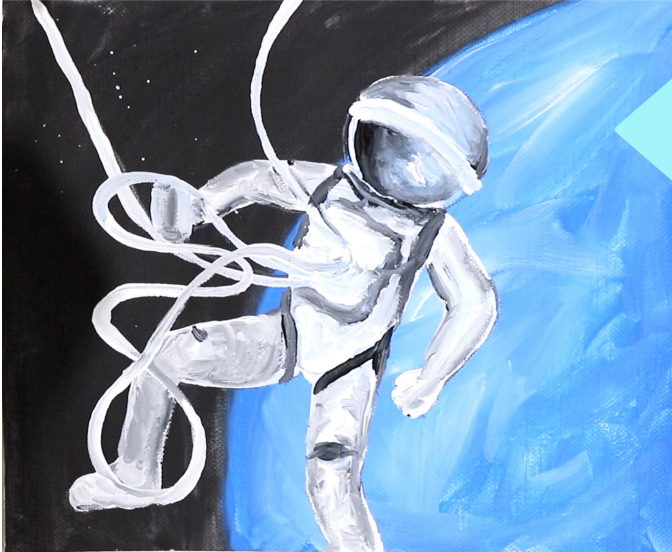

9. Paint the astronaut white all over the spacesuit and cables.

10. Use the small brush to paint black on the bottom left half of the helmet. Then blend to shade.

11. Add black and gray shading to the astronaut's body. Also add straps.

12. Paint a red and blue American flag on the astronaut's sleeve! You don't need to add a ton of detail because it's far away.

13. Add gold glitter glue dots as stars in the background and gold on the umbilical cable.
