

CLASSY ARTIST BOX KIDS!

WALL HANGINGS: LEVEL 2

Finished work will vary based on age and ability. See the parent's note for more details.

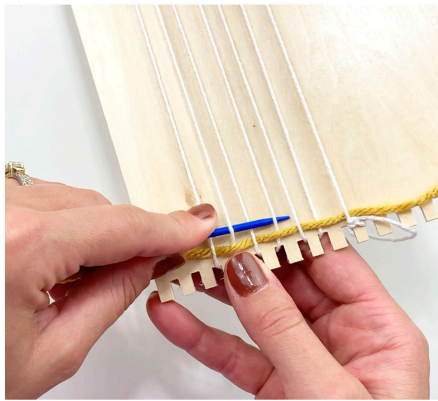

For this project, you will need a wooden dowel, yarn, 20" of jute, and a kid-safe scissors.

Warning: Adult supervision required

1. Tie a knot with the thin, white yarn around a top "tooth" of the loom. (00:16)

2. Zigzag the string between the top and bottom teeth of the loom. There should be about 4-6 vertical strings. Leave a few extra inches of string to tie the end around the tooth. (00:34)

3. Pick a color of yarn and thread it on the plastic needle. (1:18)

4. Weave the yarn: under, over, under, over! (1:45)

5. When it's time to switch yarn, leave 3-4" of yarn at the end of the row and tie the tails together if possible. Start again with a new thread. (4:56)

6. When finished with a piece of yarn, weave the tails back into the weaving or trim them if you were able to tie them together. (6:19)

WALL HANGINGS: LEVEL 2

7. Leave the string long enough to tie and cut the weaving off of the top edge of the loom. (7:47)

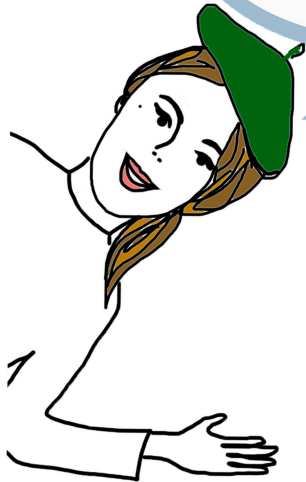

8. Optional: add stick and string/yarn to hang the weaving! (9:13)

9. Decide which level of the project to try next week. Will you repeat level one or 2? Move on to level 3? (10:09)

Now decide, do you want to keep this or give it as a gift?

WALL HANGINGS: LEVEL 3

For level 3 you are going to fill the entire loom with the vertical strings. Then weave all the way across!

just like this!
